INTERVIEW SUMMARY

Examiner Colin is thanked for the interview, which was conducted with Mr. Hunter on February 3, 2010. During the interview, claims 9 and 10, and the McGee reference were discussed. With respect to claim 9, Mr. Hunter pointed out that the documents in McGee are not indicated as outdated when originally sent for distribution, and it would not make sense to modify them in this fashion since his documents are programs that need to run. With respect to claim 10, Mr. Hunter pointed out that selecting compatible components from a set of preexisting components is not the same as generating at least a portion of a document based on an identified user. No agreement was reached.

Respectfully submitted,

Date: Feb. 19, 2010
